A New Approach ...

Collaborators on the 2005 Wisconsin Rehabilitation and Transition Conference invite you to take advantage of a NEW and better interactive video conference! Our goal is to offer a highly sought after training program and make it more accessible to people across the state, who may have limited travel budgets.

Generating Employment Outcomes, featuring Allen Anderson, will be presented [live at the Pyle Center in Madison](#) and broadcast by compressed video to audiences at the American Club, in Kohler, and at U.W. Stevens Point.

The presenter ...

Allen Anderson is President at Employment Management Professionals (EMP), a Canadian consulting and training firm specializing in employment outcomes strategy and skill development for organizations/staff serving people with employment barriers. EMP focuses on two concepts:

- Abandon no one to unemployment
- If you can get jobs for the hardest to serve
- you can get jobs for anyone.

Allen Anderson will present practical, and proven, methods which make sense and can be used at once. This workshop is designed to be interactive, practical, and immediately applicable.

The Training ...
